

Xavier Zamora Lorente

JUNIOR WEB DEVELOPER / INDUSTRIAL WORKER

contacto@zalomstudio.com
+34 610 45 27 64

Date of Birth 11.11.1996
Nationality Spanish
Location La S nia, Spain

01 PROFILE

Self-taught web developer with a practical and curious approach to technology. Focused on building modern web applications with the **Nuxt / Vue ecosystem**, JavaScript and TypeScript, with additional experience exploring **Rust**.

Alongside technology, I have professional experience in the furniture industry, including packaging, CNC operation and quality control.

02 PROFESSIONAL EXPERIENCE

01

INDUSTRY

Bustper - 2021 - 2025

PACKAGING - CNC PANTOGRAPH

Furniture packaging and operation of a CNC pantograph for cutting and shaping panels and components.

02

INDUSTRY

Tetris Systems 2015 - 2021

PACKAGING WORKER

Packing and preparing furniture for shipping, ensuring finished pieces meet quality standards before dispatch.

03 WEB DEVELOPMENT

Self-Taught Developer

Building modern applications and tools while continuously expanding my knowledge across the web development ecosystem.

01

Nuxt / Vue

Modern frontend applications

02

JavaScript / TypeScript

Scripting, applications and tooling

03

Rust

Fundamentals and systems tooling

04 EDUCATION

University Certification: Advanced JavaScript Programming — UOC 2025 - 2026

Six-month university-level certification focused on modern JavaScript development, covering ES6+, asynchronous programming, APIs, modular architecture, debugging, testing fundamentals and web development best practices.

Web Development Training

Self-directed education focused on modern web development, the Nuxt / Vue ecosystem, JavaScript, TypeScript and introductory Rust.

APPROACH

Curious by nature. I enjoy learning by building, understanding how things work and turning ideas into practical solutions.
